Testimonial Letter for Cheryl Powell (Bannerman)

Dear SpeakerMatch,

I am pleased, and it is the utmost importance to write this Testimonial Letter on behalf of Cheryl. She presented an awe inspiring message on the Family & Friends Devotional TeleConference (Virginia) on August 15, 2018. The message, *"Saved By Grace: Recreating My Identity...One Day At A Time"* was heartfelt. The presentation was just what we needed as a reminder in the times of distress. In addition, the information on steps to take before journaling was realistic, and quite helpful.

The participants were very appreciative. Some of them said, *"her message touched my heart; "she was an awesome speaker"; "she was amazing"; "she had me in tears"*. With that, Cheryl has just what it takes to effectively reach target audiences all over the world. She has a remarkable passion for God that has led her in the path of success. There are many people who are longing for a jumpstart with her wisdom, knowledge professionalism, compassion, and character.

It was a tremendous pleasure having Cheryl as our Guest Speaker. I am grateful for her time, and efforts in making the TeleConference a favorable outcome with applauds, and positive remarks. The profound encouragement that she gave each participant was outstanding. It was a

combination of great warmth, understanding, and a cultivation of practical coaching. Thus, without reservations shall I highly recommend her as an extraordinary Speaker.

Best regards,

**FAITH/T.S.M.**
